

Häädemeeste - Uulu

Through Forests and Bogs

This section of the Baltic Coastal Hiking Route is suitable to hardy hikers who like to travel across uninhabited places. The itinerary leads you through Luitemaa Nature Reserve with beautiful conifer forests and inland dunes covered with white carpets of reindeer lichen. In the summer and autumn, you will find suitable places for observing birds and animals, as well as picking mushrooms and berries. The Baltic Coastal Hiking Route winds along the west edge of Maarjapeakse Bog and after running through a mosaic of forests and clearings it leads you to Lepaküla and Uulu villages.

USEFUL INFORMATION

•••• 26 km

8-10 h

Häädemeeste, Metsa tänav Street next to the Tallinn – Riga (E67, No. 4) road.

Uulu next to the Tallinn – Riga (E67, No. 4) road, P

Häädemeeste – Papisilla – Sooküla – Võidu – Soometsa – Lepaküla – Uulu

Forest roads and small trails, in some sections, gravel road, sand, roads overgrown with grass, asphalt in the most populated areas.

Hard

There are wetlands on the coast, so this section of the itinerary moves inland. You can cross the streams by bridge. In some places, trees may have fallen upon the trail.

Near Häädemeeste, you will have to cross the Tallinn – Riga (E67, No. 4) road. This has to be done carefully, checking traffic safety.

(!)

No catering services are offered, and no shops are available throughout the whole section of the itinerary between Häädemeeste and Uulu.

The itinerary can be covered by using the road which goes parallel to it. In the Häädemeeste – Uulu section, intercity buses run on the Tallinn – Riga road.
