

Uulu – Pärnu

Along the Wetlands to Pärnu

First, the *Baltic Coastal Hiking Route* takes the old coastal roads surrounded by pine forests, but after passing *Lottemaa Park* it turns towards the sea and comes out at *Reiu* beach. Next, the hike continues across an overgrown beach (wide shoals when the winds create an outflow of water) and after a little less than 4 km you have to turn inland, cross a golf course and turn in the direction of *Pärnu*. Near the *Raeküla* district, it snakes along a small trail forming the border between the large coastal wetland and the forest. Having looped around the wetland for ~ 6 km, the *Baltic Coastal Hiking Route* emerges at *Pärnu* beach. Further on, the road goes through the western part of *Pärnu Old Town*, crosses the *Pärnu River* and the *Sauga River* and ends in the *Vana-Pärnu* district.
