

Dirhami – Nõva

The Harsh Northern Nature

An exceptionally multifaceted section of the *Baltic Coastal Hiking Route* in terms of landscapes, where you can already get an insight of the nature characteristic to the north coast of Estonia. The itinerary leads you along the seacoast for almost its entire length, where you will find beautiful sandy beaches near coves, beaches covered in boulders at capes, while dolomite layers uncover themselves in the northern part of Cape *Põõsaspea* (an excellent birdwatching site). The *Baltic Coastal Hiking Route* goes through *Nõva* Nature reserve where you will have exceptional views of the white and grey dunes. The beaches are popular for fishing and kite-boarding.

USEFUL INFORMATION

●●●●● 16 km

🕒 5–7 h

🚩 Dirhami Port, **P**

🚩 Nõva Port (*Rannaküla*), **P**

📍🚩 Dirhami – Spithami – Nõva Port (*Rannaküla*)

A short stretch of road covered in asphalt and gravel, forest trails, highly variable beaches: sandy, occasionally covered in gravel, pebbles, stones of different sizes, a short section of dolomite base. In some places, algae have been washed ashore.

Medium

A small brook (*Uuejõe*) that you can wade across during low water. There is a bridge located 0,6 km from the place where the brook flows into the sea.

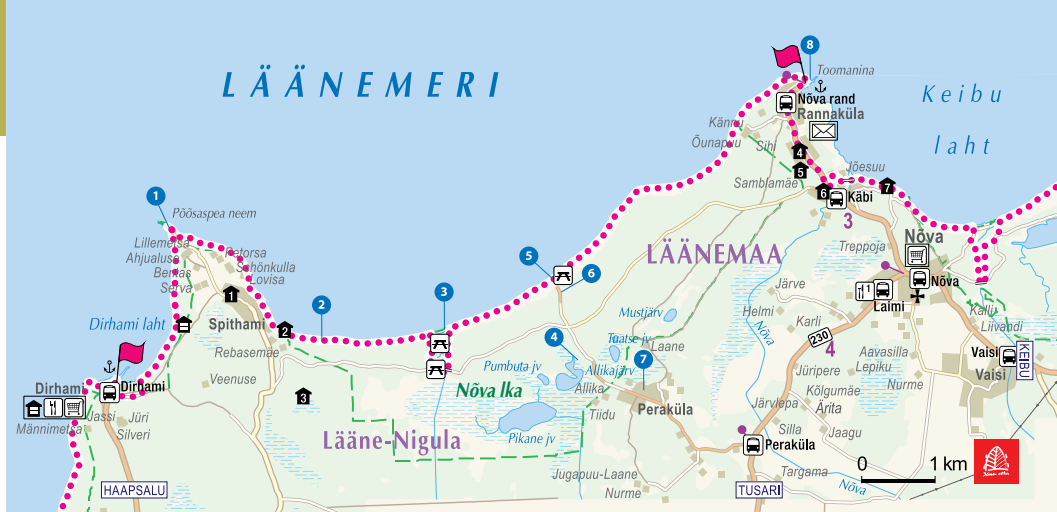

Be careful and ensure safety when walking along the road.

A catering company is available at the Port of *Dirhami*. The closest shop is in *Nõva* village (3,5 km from the Port of *Nõva*).

Between *Dirhami* and the Port of *Nõva*, forest roads and trails stretch alongside the sea at varying distances; they can be used in case of inhospitable weather. Vigorous walkers can combine this section with the one from the previous day and start at *Riguldi Manor* or *Elbiku*.
